

AUSCUT

TRUTILL

THE TRUE ONE- PASS TILLAGE SOLUTION

WHY THE TRUTILL?

The AusCut TruTill is your true one-pass tillage solution designed for an ultimate deep tilling experience. Equipped with a heavy duty deep tilling disc, it helps in preparing your soil effortlessly. Ideal for broadacre cereal cropping needs, the TruTill ensures maximum weed control and full cut out even in high stubble loads. It is truly a powerful one-pass tillage solution.

KEY FEATURES:

- » 26 inch as standard heavy duty deep tilling disc plough
- » Penetrates up to 250mm
- » Twin disc rubber torsion jump arm system
- » High toolbar clearance and disc row spacing for working in high stubble loads
- » 18 degrees of disc undercut ensures a smooth seedbed
- » Ideal for incorporating lime, gypsum and clay
- » Ensures high capacity residue management
- » Leaves your soil in an optimal condition for better moisture retention

UPGRADE OPTIONS:

- » 28 inch disc upgrade
- » Double rear roller
- » Hydraulic roller adjustment and oversize kit
